**BEFORE A MILITARY TRIBUNAL.**—An altercation, says the Day Book, occurred several days ago between Mr. John M. Drewry, a Justice of the Peace for Norfolk county, and one E. W. Whipple, whom we do not know, and who emigrated to Norfolk soon after the evacuation in 1862. After the altercation in which Drewry is said to have been quite as vicious as was Nicholas Nickleby when he made his onslaught on old Squeers, the parties were carried before Mayor Ludlow, of Norfolk, with the following result, which is a matter of record in the Mayor's office: The evidence showed that a dispute arose at the Ferry wharf, about a short quarter, which Whipple presented to pay his fare. Drewry refused to take it in consequence of being so ordered by the Directors. Some words passed and Whipple called Drewry a d-d fool, when he was struck by Drewry for the insult. The Mayor looked upon the case as a mutual breach of the peace, fined each party \$5, and bound Drewry over to keep the peace in the sum of \$100 for six months.

Whipple is a Northern man and does not need reconstruction, but he evidently thought that Justice Drewry and Mayor Ludlow did; and for the purpose of carrying out that laudible idea he appealed to Major Bissell, the commandant of the post, and that gentleman have referred the matter to General Schofield, the General ordered an investigation of the case. In accordance with that order copies of the following summons were served upon Mayor Ludlow and Mr. Drewry, with the slight difference that the Mayor was to bring the records of the office with him for investigation.

**HEADQUARTERS OF NORFOLK VA., April 10th, 1867.**  
SIR: You are hereby ordered to appear at the Headquarters on Tuesday 9th, at 11 o'clock, a. m., for the purpose of giving evidence before a Military Board in the case of E. W. Whipple, citizen, against John M. Drewry, citizen justice. By command of  
Major LYMAN BISSSELL,  
Adjutant.

In obedience to that order Mayor Ludlow, with a pious volume, and Mr. Drewry, appeared at headquarters yesterday morning. Several members of the press presented themselves also but were politely refused admission. Mr. Whipple was first examined, then Mayor Ludlow, and then Mr. Drewry. The evidence was committed to paper, and together with the summing up of the court, will, we presume, be forwarded to Gen. Schofield.

**SENSIBLE ADVICE.**—At a recent meeting of the colored people of Wytheville, Wilson Lee-wood, a colored man, delivered a speech, of which the following is an abstract:

"He stated that he was in favor of seeing his race conduct themselves as Christians men, polite and respectful to all, honest and truthful; and he knew if they would do this they would receive the respect of all; that he knew they were now ignorant, and they would have to be careful who they selected as their friends; that in selecting men for office, they must select gentlemen who were respectable, and competent and could be relied upon, and not suffer themselves to be duped by those who wanted to make tools of them to get into office, and then discard them. He cautioned them too against men who had nothing but false promises and deceit to offer them, and told them that their true friends were those to whom they had to look for employment—that they could have to live among and must cultivate the friendship of the Southern white people."

**AN EFFECTIVE PREACHER.**—A Marysville correspondent, says the San Francisco Examiner, speaking of a Revival going on in that city, under the ministrations of Rev. Mr. Parle, instances among the good effects produced the following:

"There is no doubt but that this Revival has done some good, for I am told by reliable parties that in some cases articles that have been borrowed for years, have been returned to their owners during the last week."

The people of the South ought to hire that man at any price to go and preach to some of the good loyal people of some of the States North of the Potomac. If he could induce them to return one-half of the plate, and pianos and pictures, and other valuables borrowed, or "conveyed" during the war, from the Southern people, his services would be worth a mint of money.—Valley Virginia.

**HOW TO HAVE MEALY POTATOES.**—It is a very common thing in the Spring to find strong, watery potatoes on the table, unless care has been taken to select and preserve them. A poor potato is the poorest article of food that can be had; and as soon as they begin to sprout they begin to grow poor and watery, the better part of the root going to the support of the sprouts; hence, to have nearly, nice potatoes it is necessary to keep them from exhausting themselves in this way. An exchange gives the following method of preventing the potatoes from sprouting, which we hope will be tried and approved:—Take good, sound potatoes and place them in a tub or barrel, and pour boiling water over them, letting them remain in the water until the eyes are scalded so that they will not sprout; dry the potatoes thoroughly in the sun, and then put them away in a box or barrel in a very cool, dry place. This will give good, nice potatoes all the time.

**AND WASHING MACHINE.**  
Time and Labor Saved.  
We have taken the agency of this justly celebrated machine. Housekeepers are particularly requested to call and examine it for themselves, whether desiring to purchase or not. By its use the washing of a large family can be done in one fourth of the ordinary time, and with comparatively little or no labor. It is perfectly simple, and not at all liable to get out of repair. A child is strong enough to work it, and it washes the clothes beautifully, and with no half the wear that they are subjected to in the ordinary way. It will be loaned on trial for one day to parties desiring to purchase. The following are the manufacturer's prices, at which we hold them: For Washing Machine and Wringer complete, \$22; Washing Machine alone, \$15; Wringer alone, \$10.

**ASTROLOGY.**  
**THE WORLD ASTONISHED**  
At the wonderful revelations made by the Great Astrologist,  
**MADAME H. A. PERRIGO.**  
She reveals secrets no mortal ever knew. She restores to happiness those who, from deluded events, catastrophes, crosses in love, loss of relations and friends, loss of money, &c., have become despondent. She brings together those long separated, gives information concerning absent friends or lovers, restores lost or stolen property, tells you the business you are best qualified to pursue, and in what way you will be most successful, causes speedy marriages and tells you the very day you will marry, gives you the name, likeness and characteristics of the person. She reads your very thoughts, and by her almost supernatural powers unveils the dark and hidden mysteries of the future. From the stars we see in the firmament—the malice feigns that overcome or predominate in the configuration—from the aspects and positions of the planets and the fixed stars in the heavens at the time of birth, she deduces the future destiny of man. Fail not to consult the greatest Astrologist on earth. It costs you but a trifle, and you may never again have so favorable an opportunity. Consultation free, with likeness and all desired information, \$1. Parties living at a distance can consult the Madame by mail with equal safety and satisfaction to themselves, as if in person. A full and explicit chart, written out, with all inquiries answered and likeness enclosed, sent by mail on receipt of price above mentioned. The strictest secrecy will be maintained, and all correspondence returned or destroyed. References of the highest order furnished those desiring them. Write plainly the day of the month and year in which you are born, enclosing a small lock of hair. Address,
